info@lessmann.com | +49 9082 707-0

Product Description long	The hand brush is used to manually remove dirt and deposits on soft and sensitive surfaces. It is also suitable for fine brush work and for applying solvents and cleaning agents. Because the filling is not as high, this brush is more aggressive than other LESSMANN hand brushes. The body of the brush is made of plastic. Of premium "Made in Germany" quality, this product is frequently used in the skilled trades, goldsmith shops and repair shops.
