Description

Cylinder brushes with loop
Cylinder brushes with loop from LESSMANN are used to manually remove rust, dirt and paint. The brushes are a preferred choice in a wide variety of fields. They can be used not only to clean tubes, grates, sleeves and cylinders, but also to deburr cross bores.

Brushes, flat filaments
These brushes with flat filaments are ideal for cleaning hard-to-reach areas. A typical application is removing insulation debris from grooves in stators and electric motors.
