Marketing

Utilizing Industries	Automotive industry Metalworking industry
Application	Deburring Removing scale Cleaning
Application Description	The tube brush is used for cleaning, deburring and removing scale from bores, threads, cut edges and grooves.
Article Description Marketing	Interior brushes IBE
On Stock as per Catalogue	Yes
Single/Double Spiral	Single spiral
Catalogue Page	117
Product Description short	Interior brush IBE with a total length of 90 mm, diameter of 19 mm, steel wire filling and round twisted wire

Product Description long

The interior brush is used for the manual or machine cleaning and deburring of bores, threads, cut edges and grooves. The steel filling is suitable for steel surfaces. For use on interior areas, the diameter should be selected to match the workpiece. Of premium "Made in Germany" quality, this product is frequently used in the metalworking and automotive industries.
